### *Stitching Together Supportive Housing's Patchwork of Programs*

Helping people with the right services while connecting them with an affordable place to live is the work of our supportive housing community. Agencies adapt in soloed systems taking a mix and match of funding from different government programs in order to provide effective and comprehensive assistance. This includes HUD homeless assistance CoC grants as well as Medicaid and state-only funding. Agency leaders will discuss how their programs marry the funding, where the gaps are, and policy changes that would allow a more coordinated process to help NJ residents live stable and healthy lives.

Taiisa Kelly, CEO  
Monarch Housing
