SHA-NJ Seeks Participation in Housing Navigation Project Focus Group

New Jersey Housing Navigation Project

What is the NJ Housing Navigation Project?

The goal of the [NJ Housing Navigation Project \(NJHNP\)](#) is to bridge a gap that will bring greater access to affordable housing to those most economically challenged in New Jersey. Through better understanding of both successful strategies and barriers to service delivery, the project aims to strengthen services that connect people with available housing and the capacity for program coordination throughout the state.

Why Join a Focus Group?

- We need the thoughts and ideas of people with very low incomes who have used services to connect to housing
- The focus groups will help us learn how people with lived experience are getting connected to housing in NJ.
- We want to hear from individuals with a wide variety of experiences from a range of backgrounds and communities from across NJ.
- **Focus group participants will receive a gift card as a thank you for their participation.**

How to Join a Focus Group:

1. Complete and submit a brief HNP focus group survey of interest, linked here: <https://forms.gle/EXRG9wqp7cXT8TLh7>
2. We will let you know via email whether or not you have been chosen to participate.
