

Office of Housing (OOH)

Kerry-Anne Henry, Assistant Director | KerryAnne.Henry@dcf.nj.gov

The OOH works to facilitate a comprehensive housing hub that promotes access to housing and related services for youth and families. The office is responsible for management and oversight of DCF's contracted network of housing Provider Partners, while serving as statewide technical assistance to Providers and DCF staff. OOH seeks to enhance service coordination across the statewide housing landscape and improve the alignment of housing supports with prevention related outcomes to best ensure youth and families remain safe healthy and connected.
